

## Personal Solution-Pac

### Power management for personal and professional computing

► Personal Solution-Pac is MGE UPS SYSTEMS' powerful software specifically designed to meet small-office and home-office power management needs. Personal Solution-Pac delivers critical information on the UPS, its batteries and the electrical installation. It integrates simply and quickly to ensure clean system shutdown when you need it.

- User-friendly graphical interface unsurpassed in its category.
- Automatic system shutdown for extended power failures.
- Event and data histories.
- On/Off scheduling and programmable automatic action.
- Supplied free of charge with all UPSs from MGE UPS SYSTEMS starting with the Pulsar ellipse 650S.

<b>Fonctions (1)</b>	ellipse, ellipse Premium	Evolution	EXtremeC, Pulsar & Comet EXtreme, Galaxy PW, Galaxy 3000
<b>Graphical interface (Windows)</b>			
Automatic UPS recognition	▶	▶	▶
UPS status	▶	▶	▶
Battery status and remaining backup time	▶	▶	▶
<b>Configuration</b>			
Programming of automatic action	▶	▶	▶
Supervision of selected UPS parameters	▶	▶	▶
On/Off scheduling	▶	▶	▶ (except Galaxy PW and Galaxy 3000)
<b>History</b>			
Graphical display of historical information	▶	▶	▶
Event log	▶	▶	▶
Data export	▶	▶	▶
<b>Automatic action</b>			
Automatic system shutdown/reboot	▶	▶	▶
Individual receptacle control (PowerShare™)	▶	▶	▶ (via external module)

(1) Personal Solution-Pac is backward compatible with most previous generations of intelligent UPSs from MGE UPS SYSTEMS and Merlin Gerin.

### ▶ Advanced features

Personal Solution-Pac lets you define critical action sequences to be initiated automatically in response to power events.

### ▶ Graphical interface

The UPS is recognised automatically and a single screen displays UPS status and battery information (remaining backup time and charge level) and lets you set the battery level that initiates system shutdown.

### ▶ Operating systems supported

Windows XP	Netware
Windows 2000	SCO Open server 5
Windows Me	SCO UnixWare
Windows 95/98	SUN Solaris
Windows NT	HP/UX
Windows NT TSE	IBM AIX
Linux	Apple Mac OS*

\*With special version downloadable from our Web site: [www.mgeups.com](http://www.mgeups.com)

Personal Solution-Pac comes with every MGE UPS SYSTEMS UPS starting with the Pulsar ellipse 650S. Also downloadable at [www.mgeups.com](http://www.mgeups.com).

### ▶ Network integration

To keep pace with your growing networking requirements, the Personal Solution-Pac CD-ROM also includes Solution-Pac for Wan enterprise-wide power management software, specifically designed to monitor a

number of UPSs over a wide area network. It uses the TCP/ IP and SNMP network layers and can be fully integrated into a wider network management system. Multiple servers may be shut down simultaneously, even with different operating systems.
